KCET-2019 (Biology)

43. (b)

Spermatogenesis is the process of the production of sperms from the immature germ cells in males. The correct sequence is P-Primary Spermatocyte, Q-Secondary Spermatocyte, R-Spermatid and S-Spermatozoa

44. (a)
Natural methods work on the principle of avoiding chances of ovum and sperms meeting. Periodic abstinence is one such method in which the couples avoid or abstain from coitus from day 10 to 17 of the menstrual cycle when ovulation could be expected. As chances of fertilization are very high during this period, it is called the fertile period. Therefore, by abstaining from coitus during this period, conception could be prevented.

45. (b)
Infertility cases either due to inability of the male partner to inseminate the female or due to very low sperm counts in the ejaculates, could be corrected by artificial insemination (AI) technique. In this technique, the semen collected either from the husband or a healthy donor is artificially introduced either into the vagina or into the uterus of the female.

46. (a)

- In the figure, the zygote undergoes mitotic division. In the initial stage or the M stage every progeny cell retains its capacity to divide and form progeny cells. Here no cells are undergoing differentiation. So, here the division occurs in 2n manner, growth in unicellular organisms and certain higher plants. The graph plotted here is exponential gradually moving to sigmoid.
- In stage N, not all the progeny cells retain their capacity to divide; some stop division and undergo differentiation. So, here the division occurs as 2A,6,8 i.e. in an arithmetic progression. Example: growth in root and stem. The graph plotted here is linear.

47. (b)
Indigestion is often a sign of an underlying problem, such as ulcers, or gallbladder disease i.e. indigestion of fats in human may be an indication of inflammation of liver.

Trace $(X) = tr(P_1 A_1^T) + \dots + tr(P_n A_n^T)$

$= (2 + 0 + 1) + \dots + (2 + 0 + 1) = 3 + 3 + \dots$ (6 times) = 18

7. Let $x \in R$ and let $P = \begin{bmatrix} 1 & 1 & 1 \\ 0 & 2 & 2 \\ 0 & 0 & 3 \end{bmatrix}$, $Q = \begin{bmatrix} 2 & x & x \\ 0 & 4 & 0 \\ x & x & 6 \end{bmatrix}$ and $R = P Q P^{-1}$

Then which of the following options is/are correct?

(a) For $x = 1$, there exists a unit vector $\alpha \hat{i} + \beta \hat{j} + \gamma \hat{k}$ for which $R \begin{bmatrix} \alpha \\ \beta \\ \gamma \end{bmatrix} = \begin{bmatrix} 0 \\ 0 \\ 0 \end{bmatrix}$

(b) There exists a real number x such that $PQ = QP$

(c) $\det R = \det \begin{bmatrix} 2 & x & x \\ 0 & 4 & 0 \\ x & x & 3 \end{bmatrix} + 8$, for all $x \in R$

(d) for $x = 0$, if $R \begin{bmatrix} 1 \\ a \\ b \end{bmatrix} = 6 \begin{bmatrix} 1 \\ a \\ b \end{bmatrix}$, then $a + b = 5$

Solution:

$R = P Q P^{-1}$

$|R| = |P| |Q| |P^{-1}|$

$\Rightarrow \det Q = 2(24) - x(0) + x(-4x) = 48 - 4x^2$

$P = \begin{bmatrix} 1 & 1 & 1 \\ 0 & 2 & 2 \\ 0 & 0 & 3 \end{bmatrix}$, $Q(x=0) = \begin{bmatrix} 2 & 0 & 0 \\ 0 & 4 & 0 \\ 0 & 0 & 6 \end{bmatrix}$

$R = P Q R^{-1}$

With a greater number of difficult and numerical questions, the physics was long and more difficult than the Del two sections. Chemistry Questions that appeared in NEET 2019 were straight from MTGeÅÅÅs NEET Books; NEET Champion , Complete NEET Guide Å Åand most recommended NEET book NCERT at your fingertips . On May 5th, The National Eligibility Cum Entrance Test, NEET 2019, was successfully conducted by National Testing Agency (NTA) for nearly 1 lakh MBBS and BDS seats across various centers in India. Å ÅCheck Best Range of MTGeÅÅÅs NEET Preparation Books October 17, 2019 MTG Learning Media NEET 2019 Paper Analysis The NEET 2019 question paper was moderate in difficulty level. Out of total 45 questions, 14 were easy, 22 were medium and the remaining 9 questions were Difficult. We are here sharing an in-depth NEET analysis and overall analysis contributed by MTGeÅÅÅs Experts. In the event that you have any sort of issue or queries please reach us on the given email, and our group guarantees to do its best. Take a look: Biology Section Biology section was the easiest but lengthy-to-read factual and conceptual questions. The high-weightage chapters, asking 4 or more questions, are: Cell eÅÅÅ The Unit of Life, Biomolecules, Principles of Inheritance and Variation, Molecular Basis of Inheritance, Evolution, Human Health and Diseases, Microbes in Human Welfare and Environmental Issues. Do you want to know the expected NEET 2019 cut-off? NEET eÅÅÅ MTG 33 YEAR Chapterwise Solutions to last year eÅÅÅs quiz PDF Free Download Biology PDF. Candidates will get Chapter-wise and Topic-wise analysis and detailed solutions of NEET 2019 and past papers in MTGeÅÅÅs NEET Explorer and MTGeÅÅÅs NEET Guide. The paper was easy as compared to the NEET 2018. Compared to Zoology, Botany was relatively easy. According to our experteÅÅÅs analysis, about 50% questions were conceptual and formula-based, and so they were easy. Biology section had covered equal number of questions from class 11th and 12th. Our site DoesneÅÅÅt uphold robbery these duplicates are just for Economically defenseless under construction and the person who needs it. Start planning for Neet-Up 2022 by downloading this 33 years mtg science pdf. Chemical section according to experts, the chemistry section was easy compared to last year. The 33-year-old PDF Biology book is updated with the Neet test questions conducted by Neet 2019 and the 33-year-old wise questions chapter (1988-2020) of Aipmt / Neet with detailed answers to a simple and clear understanding of the model of Neet test. The physics questions that appeared in the NEET 2019 were from the MTG Neet Books: Neet Champion, Complete Neet Guide and the most recommended Neet Book Ncert at hand. The questions of biology that appeared in the 2019 Neet come from the MTG Neet Books: Neet Champion, Complete Neet Guide and the best recommended Ncert book at hand. About 15.19 aspiring Lakhs are recorded for the Neet 2019 exam, while only 13.26,725 candidates appeared for the exam in 2018. However, the model was totally uniform as no particular chapter was given greater weight.
